TRACY	WINSLOW	10A	1	Yes	No	No	In 2017-yes, I’m one of those-I realized I had to take my political advocacy to the next level, so I showed up to my first Ward election.Like many new faces, I learned how this system works. The learning curve was steep, then COVID reshaped everything. But our deeper failure goes back further — we never dismantled the systems built to uphold inequality. That failure still shapes our democracy today. This moment calls for people who are not afraid to rebuild, not just repair. I want to help elect bold leaders who will create a government that truly serves all people.
